It's unfortunately not as interesting as, say, Castronova's writings on group dynamics and economics in online systems. Denton is a pseudonym for Catherine Hapka. When we record our personal memories online we open up new possibilities for their verification but we also create different opportunities for their distortion.

Paris: Presses universitaires de France, Paris: Librairie Charles Delagrave  
If the email notification is missing, first check their Spam folder. You can use your phone, of course, but technology can be finnickier at times. What I like most about this theory is the very matter-of-fact way we can work ourselves into that flow channel. How differently can the global issue be approached. Start a Wiki. Customers who bought this item also bought.
